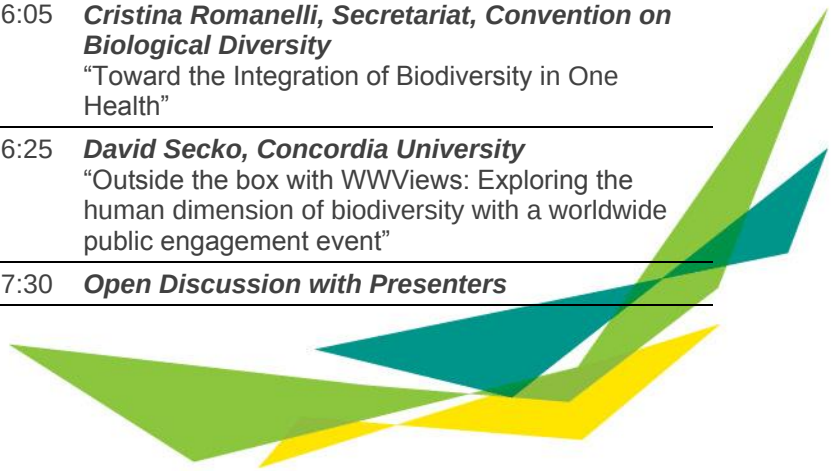
# THE HUMAN DIMENSION OF BIODIVERSITY CONSERVATION AND MANAGEMENT

**FRIDAY APRIL 4, 2014**


| | |
|---|---|
| 8:30-9:00 | *Registration* |
| 9:00-9:10 | *Conference Opening/Welcome* |
| 9:10-10:05 | ***Keynote Address:***<br>***Alistair Bath, Memorial University***<br>"Involving People in Conservation: The Role of Human Dimensions Research and Applied Approaches" |
| 10:05-10:25 | **Coffee Break** |
| 10:25-10:45 | ***David Lawless, MSc, University of Oxford***<br>"Wild in the City: Investigating Diverse Visions of Nature in Canada's First National Urban Park" |
| 10:45-11:05 | ***Sabine Courcier, Large Parks and Greening, City of Montreal***<br>« Le projet de paysage humanisé de l'île Bizard et les défis de la création d'une aire protégée en zone habitée » |
| 11:05-11:25 | ***Olivier Craig-Dupont, Université de Montréal***<br>« Quand la salamandre pourpre rencontre Revenu Canada : privatisation de la conservation et représentations sociales de la biodiversité comme moteurs des trajectoires rurales du sud du Québec » |
| 11:25-11:45 | ***Carly Sponarski, Memorial University***<br>"Designing a coyote experimental education program using local public engagement research |
| 11:45-12:05 | ***Aerin L. Jacob, McGill University, Vancouver Island University***<br>"Synergies and trade-offs between restoring biodiversity and ecosystem services in degraded African tropical rainforest" |
| 12:05-13:05 | **Lunch** |
| 13:05-13:25 | ***Marc Dunn, Niskamoon Corporation***<br>"Community-based lake sturgeon conservation in the Cree community of Nemaska, James Bay, northern Quebec" |
| 13:25-13:45 | ***Annie Lalancette, Concordia University***<br>"Conventional Management and Indigenous Fisheries: Current and Potential Impacts of a Proposed Quota Management System for the Torres Strait Tropical Rock Lobster Fishery" |
| 13:45-14:05 | ***Katherine MacDonald, York University***<br>"Wapishana Proposed Customary Resource Management of the Rupununi" |
| 14:05-14:25 | ***Nathalie Fernando, Université de Montreal***<br>« La dimension humaine de la conservation et de la gestion des forêts tropicales : le challenge associé au cas des populations autochtones dans le bassin du Congo » |
| 14:25-14:45 | ***Robert Kasisi, Université de Montréal***<br>« Les perspectives de la biodiversité en Afrique subsaharienne : repenser collectivement le modèle de gestion » |
| 14:45-15:05 | **Coffee Break** |
| 15:05-15:25 | ***Kate Sherren, Dalhousie University***<br>"How photo-elicitation with farmers can reveal levers for biodiversity-friendly practices on private land" |
| 15:25-15:45 | ***Sylvestre Delmotte, McGill University***<br>"How scenario development can enhance stakeholder understanding of trade-offs and synergies in ecosystem services" |
| 15:45-16:05 | ***Cristina Romanelli, Secretariat, Convention on Biological Diversity***<br>"Toward the Integration of Biodiversity in One Health" |
| 16:05-16:25 | ***David Secko, Concordia University***<br>"Outside the box with WWViews: Exploring the human dimension of biodiversity with a worldwide public engagement event" |
| 16:30-17:30 | ***Open Discussion with Presenters*** |
